Dear Friends and Supporters-

It's that time again—we can't believe that another year has passed so quickly! Everyone's continued generosity has helped us to maintain the legacy that Kim created almost six years ago. We know that the past 18 months have been difficult for everyone so now more than ever we appreciate your support.

One of Kim's favorite sayings was "Tough times never last, but tough people do." As we reflect on our personal and corporate situations it is important to remember those that can't help themselves. It seems oftentimes that children end up the ones that suffer the most, even though they need the most support. School closings, teacher furloughs and diminishing after school care means more children in need. We were all kids once and we all remember how easy it was to get in trouble when no one was looking. However, most of us didn't have to worry about gangs, drug dealers and pimps trying to enlist us.

We have forged great new relationships with Kate's Club and KIPP Strive Academy. As always we are still working together with First Tee of Atlanta, Hammonds House Museum, the Fly-By Theatre and Brown Middle School. Check out our website for more information about them and how we are working together. www.TheKimKingFoundation.org

Remember that, unlike many charitable organizations, the Kim King Foundation does not use your donations to pay bills, rent or salaries!! Nor does your contribution leave the Metro Area. Instead, your donation goes to our local charity partners—we do all of the legwork to find great educational programs for the kids. Help us make a child's life better with one of our many outreach programs or summer camps. Without your generosity, we couldn't do it! Even if you can't do a higher level sponsorship this year please consider donating online—every little bit counts!!

Sincerely,

The King Family
